

Preschool Class Newsletter for September 2024

This month we will spend time getting to know each other, and learning names. Activities, songs and art will center around our names as well. We will also focus on the colors, red, green and yellow with art and game activities. I will start assessments in all areas of development as I get to know each of them better. We will make our self portraits, “all about me” page, and practice writing our names so that we can compare them to those we make in the spring! We will record height and weight for later comparisons as well. We will also be looking at all that we can do now compared to when we were babies! We will even get to see what each of us looked like as babies! Please bring a **baby photo** for this purpose! We will also need a **family photo** as we will be learning about families and sharing about our own families. We will be doing all of this while learning our daily routine, classroom rules and procedures, “individual” space, and all of the other important social skills!

Our worship themes/stories this month are an introduction to God and Jesus as well as creation, “Abraham Follows God”, “Joseph Forgives his Brothers”, and “God Protects Moses”. We will be learning a fruit of the spirit each month this year. This month is “LOVE”.

REMINDERS:

Please provide a **complete change of clothes** in your child’s cubby or back pack. This is very important in case there is a spill or other accident.

Upcoming Events:

To be announced - First Field Trip! We will be joining the other two classes on an apple orchard adventure! Cost is \$3.00 per child. Sign up and come along if you can! More details will be on the parent bulletin board!
