

# KINDERGARTEN NEWS FOR APRIL 2025

Parents,

After Spring Break it's time for that final push before the school year comes to an end! It is going to go super fast and there is lots to fit in! We will be busy, busy, busy!

In **Writing Workshop** we will begin working on our books entitled "*My Kindergarten Year*". This is an extensive project which will include illustrations and photos from the year along with their writing. It will be a big part of their *Portfolios*. We will also continue to write in our journals, create books, and explore other genres.

**The great outdoors** will be the emphasis this month as we will be studying *springtime, our earth, plants, and trees*. These topics will be integrated across the curriculum. Weather permitting, we will also spend some extra time outdoors at the park next to the hospital. Our "first attempt" will be Friday, the 11<sup>th</sup> and we'll go from there! I'll keep you posted!

We will also be busy with all of our **Easter** festivities including egg dying, basket making, and egg hunting! †

Our class mascot, **Harvey the Hedgehog** will begin his home visits this month as well, so keep an eye out for him and his special journal!

All of this and we need to fit in **Parent conferences** too! Be on the look out for a sign up sheet in the coming weeks!
